Useful Information

Site Checks

Elite Outdoor Structures offers a free site survey of your property with the purchase of any building.

Property & Accessibility Issues

- Are there slope issues?
- Are there fencing issues?
- Are there trees, shrubs or flower beds that will make delivery difficult?
- Are there drainage issues?
- Are we going to use the neighbor's property for access?
- Any underground pipes?
- Any overhead wires, trees, etc?

Township Approval and Permits

Elite Outdoor Structures does not require township approvals. It is the responsibility of the buyer to check with their local township or borough to obtain any required permits. We are licensed and fully insured. We are also able to answer any questions, or provide any needed information.

PA Contractor's License #067458

Siding Types

Duratem Wood Siding

Duratem is a genuine plywood siding. Unlike ordinary plywood, Duratem has a tough, natural-looking surface of oil-tempered hard wood which won't split, check, or crack like veneer products. The face is always 100% clear, and free of patches and repairs. It's tough enough to resist dings, dents, resists weather, temperature, and keeps its paint up to twice as long as traditional T1-11 siding.

Vinyl Siding over plywood or LP Techshield

Techshield is a sheathing product that has a radiant barrier and carries a 20 year limited warranty. The radiant barrier blocks 97% of the radiant heat in the panel from radiating into the shed or garage. Results have shown to reduce temperature by up to 30 Degrees Fahrenheit.

Techshield is used for all of our shed and garage roof sheathing except budget models, unless specified.

Shed Sizes

All Shed sizes are exterior approximations and not an exact wall measurement

Shed Standard Heights

STYLE	8' WIDE	10' WIDE	12' WIDE	14' WIDE
Mini Barn	7'10"	7'11"	8'1"	8'3"
A-Frame	8'10"	9'3"	9'7"	10'1"
Quaker	9'9"	10'4"	10'10"	----
Dutch Hi-Barn	10'4"	10'5"	10'8"	10'9"
Cape	9'5"	10'1"	10'7"	----
The Dormer	9'5"	10'1"	10'7"	----

REMINDER

All structures will be delivered to your prepared, leveled site, FREE, within a 25 mile radius. However, if the site is INACCESSIBLE to our truck or we must return the shipment, additional costs will be charged. Deliveries over a 30 mile radius will be charged \$4.25 per loaded mile.

- We recommend a crushed stone foundation to evenly support our structures
- The above prices are for sites within 25 miles of our 3 locations. \$4.25 per loaded mile after 25 miles.
- The above prices apply to sites clear of any large weeds, brush, protruding stumps, rocks, etc...
- Excavation and re-utilization of the dirt is included in 1 Layer 6x6 pricing. There is no excavation with standard pads
- Excavation and removal of dirt is available for an additional fee on all site work
- All Standard Stone Pads constructed by Elite include 3/4" cleaned stone (gray) and landscape fabric for settlement
- All 6x6 Perimeter stone pads constructed by Elite include 6x6 timbers, rebar, stone, fabric, and are plate compacted
- All 6x6 Perimeter foundations are 1' bigger than shed on all sides, ie: 8x12 shed would have a 10x14 perimeter
- We offer a free site inspection to determine ground slope for foundations and access for our buildings
- Please refer to the "Foundations" section of our website to see foundations built on slopes greater than 6"
